

Desalination Project

Project Summary

Agency	Public Utilities Board
Project Name	DBOO Desalination Project
Project information	This desalination plant is PUB's pioneering PPP project and is designed, built and operated by SingSpring (Pte) Ltd. SingSpring is contracted to deliver 30 million gallons of desalinated water a day over the next 20 years. By leaving the choice of desalination technology to the private sector under the PPP approach, PUB was able to purchase desalinated water at a price which is amongst the lowest, based on published info for overseas project.
Tenure of PPP contract (years)	20 (2005 - 2025)
Advisors	Fichtner (Asia) Pte Ltd in association with Fichtner (Germany) for financial/technical advice and Freehills (Australia) for legal advice
Status of project	PPP facility operational and delivering services
Date of Financial Close	16 Jan 2004
Awarded the PPP Contract to	SingSpring (Pte) Ltd ¹
Agency Contact Information	
- Name	Mr Sivaraman Arasu
- Designation	Assistant Director
- Email	arasu_sivaraman@pub.gov.sg
- Agency Website	www.pub.gov.sg

¹ At contract award, SingSpring was owned by Hyflux Ltd and Ondeo Degremont. Restructuring of SingSpring into a trust structure (SingSpring Trust) was completed in February 2007. SingSpring Trust is owned by CitySpring Infrastructure Trust and Hyflux Ltd.
