The revised FY2020 operating expenditure of \$798.18 million is \$51.72 million or 6.9% higher than the actual FY2019 operating expenditure of \$746.45 million. The increase is mainly due to higher expenditure of the Smart Nation and Digital Government Office Programme and Public Service Division Programme.

### **Development Expenditure**

The revised FY2020 development expenditure of \$200.34 million is \$28.04 million or 16.3% higher than the actual FY2019 development expenditure of \$172.29 million. The increase is mainly due to higher expenditure of the Government Technology Agency Programme and Public Service Division Programme.

#### FY2021 BUDGET

The FY2021 total expenditure of the Prime Minister's Office is projected to be \$1.27 billion, an increase of \$267.52 million or 26.8% over the revised FY2020 expenditure. Of this, \$972.59 million or 76.8% is for operating expenditure and the balance of \$293.45 million or 23.2% is for development expenditure.

#### **Operating Expenditure**

Of the \$972.59 million for operating expenditure, \$972.55 million or 99.9% is for running costs and \$0.04 million or less than 1% is for transfers.

#### Government Technology Agency Programme

The Government Technology Agency of Singapore (GovTech) harnesses info-communications technology (ICT) and related engineering for public sector digital transformation. GovTech is also in charge of developing Singapore's Smart Nation infrastructure and applications. GovTech partners other public agencies to develop and deliver secure digital services and applied technology to individuals and businesses in Singapore. GovTech is also responsible for raising and sustaining the overall capabilities of the Government in ICT and related engineering fields, such as Application Development & Deployment; Cybersecurity; Data Science & Artificial Intelligence; Government ICT Infrastructure; and Sensors & Internet of Things. An operating budget of \$402.96 million has been allocated to GovTech for its operations, or 41.4% of the total operating expenditure for FY2021.

#### Public Service Division Programme

The Public Service Division (PSD) aims to build a first-class Public Service with high-performing organisations and engaged officers. PSD builds a strong and cohesive Public Service leadership corps through strengthening our leadership pipelines and systematically identifying and nurturing leaders in diverse domains across the Public Service. PSD puts in place robust workforce training and development initiatives and sound people policies and practices, underpinned by strong HR and payroll processes and systems. PSD also strives to improve the delivery of public services and build organisational capabilities across the public sector. The FY2021 budgetary allocation for this Programme is \$217.69 million, or 22.4% of the total operating expenditure for FY2021.

## Smart Nation and Digital Government Office Programme

The Smart Nation and Digital Government Office (SNDGO) plans and prioritises key Smart Nation projects, drives the digital transformation of government, builds long-term capabilities for the public sector, and promotes adoption and participation from the public and industry, to take a collective approach in building a Smart Nation. SNDGO has been allocated an operating budget of \$71.21 million, or 7.3% of the total operating expenditure for FY2021.

# Administration Programme

The Administration Programme includes the provision of administrative support to the Prime Minister's Office HQ. The Administration Programme has been allocated a budget of \$55.15 million, or 5.7% of the total operating expenditure for FY2021.

# Corrupt Practices Investigation Programme

The Corrupt Practices Investigation Bureau (CPIB) investigates allegations and complaints of offences under the Prevention of Corruption Act, maintains records of persons investigated by the Bureau, conducts anti-corruption talks to the public and private sectors, institutes of higher learning and local and foreign visitors, and works with government departments concerned to review work procedures, should the Bureau come across cases which reveal corruption-prone areas in the course of its investigations. The Corrupt Practices Investigation Programme has been allocated a budget of \$49.48 million, or 5.1% of the total operating expenditure for FY2021.

### Elections Programme

The Elections Department ensures readiness of the public service to efficiently conduct free and fair elections in Singapore. The Elections Programme, under the purview of the Elections Department, takes up \$46.48 million, or 4.8% of the total operating expenditure for FY2021. This is mainly because of the budget that the Elections Department sets aside annually for any elections that may be held.

### National Research Foundation Programme

The National Research Foundation (NRF) sets the national direction for research and development (R&D), and develops strategies to support the growth of technology enterprises. These efforts aim to sharpen Singapore's competitive edge as an innovative economy, create good jobs and improve the lives of Singaporeans. It has been allocated a budget of \$44.61 million, or 4.6% of the total operating expenditure for FY2021.

### Strategy Group Programme

### **Development Expenditure**

Development expenditure for FY2021 is projected to be \$293.45 million, an increase of \$93.11 million or 46.5% over the revised FY2020 development expenditure. The increase is mainly due to the higher development expenditure for new projects that will be undertaken by GovTech.

It is a proxy to how well Civil Service College is reaching out to the Public officers through delivery of timely and effective Learning and Development (L&D) solutions.

<sup>&</sup>lt;sup>4</sup> Training numbers as at 30 September 2020. Face to face classes were halted since April and limited classes (up to 20 pax) only resumed in August. CSC virtual classroom programmes were rolled out from end-May 2020.

<sup>&</sup>lt;sup>5</sup> Corrupt Practices Investigation Bureau (CPIB) revised the indicator basis from Financial Year to Calendar Year from 2013 onwards to better reflect the accuracy of the indicator which is measured based on a calendar year.

<sup>&</sup>lt;sup>6</sup> Actual score will be provided when results are released in Jan 2021.

<sup>&</sup>lt;sup>11</sup> Overall, total population growth has slowed considerably in recent years. The total population growth rate in 2019 was mainly attributed to foreign employment growth due to sustained growth in Services and the turnaround in Construction.
